RELEVANT EXPERIENCE

Digital Marketing Executive | Volume Up Digital (marketing agency)

May 2025 - Present | London, UK

- Designed webpages for client redesigns and new builds within established design systems, and delivered core UI/UX work for new digital products including user flows, wireframes, mock ups, prototypes and component libraries using Figma.
- Designed marketing materials including email templates and print media.
- Handled day-to-day client communication for a small number of accounts, acting as a key point of contact to ensure alignment and manage expectations.

Design Intern | Flickr Foundation (non-profit archival organisation)

June 2023 - September 2023 | London, UK

- Helped kick start A Flickr of Humanity, the Foundation's first curatorial project with a focus on research and development.
- Designed print publications, digital assets, and contributed to copywriting and website maintenance using WordPress.
- Shadowed the Executive Director and gained exposure to discussions on the long-term sustainability and preservation of digital platforms.

Volunteer | CPRE London (environmental charity)

June 2024 - Present | Remote

- Supported data improvement efforts for the GoParks London website by identifying missing parks.

My full work history can be found on LinkedIn.

EDUCATION

BA Design | 1st Class Honours | Goldsmiths, University of London

September 2021 - June 2024 | London, UK

- Honed in a broad range of technical design skills including Adobe Creative Suite, Figma, HTML, CSS and JavaScript.
- Researched, designed and developed a web project, London Parkive
- Acted as project manager, web designer and developer for the graduate exhibition website.

Google UX Design Certificate | Coursera

March 2024 - Present | Online
